Sir:

In Notice of Allowability dated December 15, 2005 for the above-referenced application, a substitute Declaration was required because the  
20 Examiner stated the originally-filed Declaration did not comply with the requirements of 37 C.F.R. § 1.63, because the signature pages respectively signed by the different inventors did not include all of the other inventors' names.

In response, two substitute Declarations are submitted herewith, one  
25 signed by the inventor Matthias Weber, and another signed by all of the other inventors. These Declarations are in full compliance with all provisions of 37 C.F.R. § 1.63.
